

SCIENCE BASED. TRUSTED RESOURCE.

COOPER COMPLETE®

Let us supplement
your practice.

Cooper Complete is more than a name; it's an accurate description. Developed by preventive medicine pioneer Kenneth H. Cooper, MD, MPH, and based on the latest scientific research, each formulation contains the precise amount of vitamins and minerals listed on the labels. That's the Cooper Complete guarantee—they're pure and potent.

Launched in 1998 with a team of the country's leading scientists, the unique Cooper Complete multivitamin formula has been shown in scientific studies to:

- Be highly absorbed
- Reduce the oxidation rate of LDL cholesterol by 14 percent
- Reduce homocysteine levels by 17 percent and C-reactive protein levels by 32 percent

Trust Cooper Complete as the multivitamin and supplement of choice for you and your patients.

With 23 products, we know there's one that's right for you and your patients.
